THE FIRE PROTECTION SPECIALISTS

www.firetechint.com

INTRODUCTION

Fire Tech Security & Safety Equipment LLC, established and licensed at Abu Dhabi and Sharjah, in U.A.E. This is one of the fastest growing professional companies in the field of fire fighting industry.

Our primary goal is to provide the best quality products at competitive price and provides highest level of service for the fast protection of life, property and the environment. Our motto is that the 'Happy and Satisfied Customers make our business success'.

We are engaged in trading of fire fighting and detection systems manufactured abroad and locally in U.A.E. Beside the trading activities, we also undertake various types of Fire Protection Systems for Supply, Installation till up to Commissioning and Maintenance, which are typical examples of our professional capabilities in this field.

Our fields of specialization are: Supply, Installation, Testing, Commissioning, Servicing and maintenance of various Fire Protection and Alarm System.

In our vision to expand the business, we established our agency outside the UAE, particularly in Qatar, Yemen, Sudan, Oman and Libya. Likewise, we are also accredited with the Abu Dhabi Oil Companies for on shore and offshore transactions.

Moreover, Fire Tech Security is associated with the highly qualified companies in the field of Fire Detection, Fire Fighting and Safety System such as: OFB Corp. Pty (for Compressed Air Foam System -CAFS Machine); Pyrocool Technologies (for 0.4% Pyrocool Fire Fighting Foam); OFB Lymae (Fire Fighting Suits); and many more.

We not only offer product, but we also carryout annual and quarterly Maintenance contract, which will ensure the easy functioning of various Fire Fighting Systems throughout the year.

We provide prompt and efficient after sales service to the esteemed organizations throughout the Emirates. Our product range includes the following :

- ▶ All type of Fire Extinguishers Portable & Mobile
- ▶ Fire Hydrants
- ▶ Fire Hose reel & Hose Reel Box
- ▶ Fire Fighting Pumps
- ▶ Fire Alarm Systems (Shield/ Secure -UK)
